

15th Central European Training School on neutron techniques

23rd - 28th April, 2023

Organisers:

Budapest Neutron Centre,
Centre for Energy Research

Contact:

cets@bnc.hu

Location:

KFKI Campus
H-1121 Budapest,
Konkoly-Thege M. út 29-33

Application deadline: 19th March, 2023

The objective of the neutron school is to provide actual hands-on practice – following a theoretical introduction to neutron scattering and to the various neutron based methods for studying the structure and composition of matter.
